Hello!

My name is Hattie Tollerson, and I want to be the NUS DPC member for the everyday student!

Why me?

1. If you want someone on your DPC that has a **passion for the rules**, then I'm your girl!
2. If you want someone that will **explain** what is going on **in a way everyone understands**
3. Vote for me for **procedure for all not just the hacks**!
4. If you want a DPC Member that has a keen eye for detail and will endeavour to **get it right every time**, I'm the one you want!
5. If you want someone that is **trustworthy and reliable**, and will work hard - put me as #1 on your ballot paper!

I have been elected as the next Vice President of Activities and Employability at London South Bank Students Union, and I will be taking this role up after graduating in my Politics degree. This is also my second National Conference too (First time candidate, second time delegate)

You may be wondering why someone who is very into their sports and socs, would want to stand for the Democratic Procedures Committee...but, I have a BIG secret and this is that I'm a **MASSIVE** rules and democracy nerd!

At Conference last year DPC and the Chairs were taking us every-which way through the conference procedures, rules and regs. Whilst all this was rather confusing to start with, by the end I was LOVING IT and it kick started a wish to get more engaged in the working of NUS' democracy.

I am the current Sports Chair for my Union which was an amazing springboard into me being VP Activities this July! As such, I am used to knowing the constitution and democratic procedures of my Union and how to implement both as a Chair and as a member of the SU's wider Union Council. I have been keen to ensure that accountability for elected officers (including myself) and abiding by the rules are a key tenant of the way the SU operates.

Vote Hattie as the DPC member for every student.
